

Expanded Polyethylene and Polypropylene Closed Cell Foams

Material	Density, PCF	Plank Size	Thickness	Colors
ARPLANK EPE Expanded Polyethylene	1.3, 1.5, 1.9, 2.3, 2.8, 4.6	48" x 72" 48" x 96"	6"	Black/White
ARPLANK EPP Expanded Polypropylene	1.3, 1.9, 2.8, 3.7	48" x 72"	6"	Black/White

Plank to sheet skiving offered on all EPE grades and some EPP grades from .25" - 3".

Special Grades:

- FR: Black & White
- Anti-Stat: Black & White
- CH-FR: Grey, UL-94 V0
- EPP White with UV inhibitor

Standard Grades pre-approved for:

- Automotive OEM, Test Specifications
- Military CID-A-A-59136 and 59135, Navy Raw Material document on file
- Sport Surfaces , ASTM F355 & F1936
- US Coast Guard CFR 183.114, SOLAS Resolution MSC.81(70), IMO Revised

Recycling, Sustainability, Circular Economy:

All products are 100% melt re-processable and have up to 15% recycle content. 40% smaller carbon (CO₂) footprint versus XLPE and PE foams.
